

INSTRUCTIONS TO REGISTER ON THE CENTRALIZED DIOCESAN DATABASE

Ten Easy Steps to Create Your Electronic File

1. Log on to the website for the Diocese of Pittsburgh at www.diopitt.org
2. Scroll-down the left hand side of the home page to the "Safe Environment Database" box. Click on this box and it will take you to the application login.
3. At the top of the login page click on the underlined [click here](#) where it says, "If you do not have a user id and password, please [click here](#) to register."
4. You will now be at the "New User Registration" screen, and all fields under this will require entry except for the email address.
5. In the "Primary Site" field, select the entity where you do the majority of your work or ministry. St. Louise is listed under Pittsburgh, St. Louise de Marillac. The "Type of Application" requires you to check whether you are an employee or volunteer. The "User 10" field requires that you enter your own password for access to your application. The bottom of this screen explains the requirements of a User 10. The "Password" field is similar and you will be asked to type it in twice.
6. This will take you to the "access code field" where you enter the diocesan password "Protect".
7. In the "First Name" and "Last Name" fields, type in your name as it appears on your driver's license. In the "Date of Birth" field, type in your date of birth in the mm/dd/yyyy format. You will be asked to type it in twice.
8. Write down your User 10 and Password for future reference, and click the "Register" button. You should receive a message that you have successfully registered.
9. Then, click on the underlined link where it says, "Please click here to Login and continue your application"
10. At the Login Page enter your User 10 and Password, and click "Login". This will take you to the "Application Screen" for you to fill out your application.

If you have any difficulties, please contact Joanne Carmassi at (412) 833-1010.
