

THANK YOU

FOR MAKING A DIFFERENCE!

Thank you very much for all that you did to support the 2018-2019 fundraising at St. Louise School. Because of your hard work and generosity, we were able to exceed our fundraising goal of \$250,000! All donations received in excess of this goal from fundraising and school family and parishioner donations allow us to invest in technology and make capital improvements to the school. Every dollar you give to the school and parish makes a difference...whether through weekly offertory, monthly school collection, or through donations. You help to improve the lives of nearly 500 St. Louise students. We truly couldn't make these improvements without your support. Thank you!

Through your generosity, we were able to make the following investments to the school over the past year and summer.

- Updated energy efficient outdoor lighting for the St. Louise campus
- Upgraded Wifi access points
- Resurfaced and line painting of the school parking lot
- One-to-one Chromebook initiative for incoming 6th graders
- Installation of additional security cameras in the school
- Purchased an Aquous Board for the Science lab for interactive learning
- Acquired 10 new iPads for interactive learning in the STREAM lab
- Purchased various robotics and digital equipment for the STREAM lab for hands-on learning
- Installed a sensory hallway with interactive stations to improve attention spans and improve education outcomes in younger students
- Renovated the Resource room used for learning support
- Installed a Lego Wall in the STREAM Lab for hands on and interactive learning to help develop problem solving skills, mathematical thinking, lateral thinking, and planning skills.

No donation is too big or too small. If you would like to donate, have any questions, or would like more information, please contact **Tracey Buckley**.
